

Relational Schema 5-2-2

الجدول الرئيسية وعلاقتها بالغرض الوظيفي:

الجدول	الغرض
universities	المستأجر (الجامعة)
roles / users	الأدوار والمستخدمون
projects / tasks / comments	المشاريع والتعاون
project_proposals	مقترحات المشاريع
tracks / track_stages / student_progress	المسارات والتقدم
academic_stages_config / available_rooms / doctor_availabilities	إعداد الجدولة
approved_schedules / defense_sessions	الجدول والجلسات
committees / committee_members / committee_assignments	اللجان
xml_authorized_users / xml_import_logs	استيراد XML
notifications / personal_access_tokens	الإشعارات والتوكنات

حقول مختصرة للجدول الأهم

users: id, name, email, password, role_id, university_id, track_id, student_number, status, .github_token

projects: id, university_id, owner_id, supervisor_id, proposal_id, title, description, status

project_proposals: id, student_id, supervisor_id, track_stage_id, title, description, status, .resubmission_count

track_stages: track_id, parent_id, sequence_order, stage_kind, is_decisive, .academic_stage_id

.student_progress: student_id, track_id, track_stage_id, status

defense_sessions: approved_schedule_id, project_id, room_id, committee_id, schedule
.fields, status

.xml_authorized_users: university_number, email, user_type, is_used, registered_user_id
